

Kaltura Training Schedule – Winter 2026

Below is a list of upcoming **Kaltura training sessions** offered by SPARK for faculty.

All sessions will be conducted virtually using **MS Teams**.

Session Descriptions

Kaltura – Introductory Session

This introductory session is designed for faculty who are new to Kaltura and wish to integrate video effectively into their teaching. Participants will explore the Kaltura environment supported by Sheridan College, learn how to record and upload videos using **Kaltura Capture**, and manage media within **SLATE**. The session will also include step-by-step guidance on enabling and editing closed captions to ensure accessibility. By the end of this session, participants will be equipped to create and share instructional videos that enhance engagement and accessibility in their courses.

Learning Outcomes

By the end of this session, participants will be able to:

1. Navigate the Kaltura environment and understand its key tools and capabilities.
2. Record lecture or screen-capture videos using Kaltura Capture.
3. Upload, organize, and manage videos within the Kaltura My Media library.
4. Enable and edit closed captions to ensure accessibility compliance.
5. Embed Kaltura videos seamlessly into SLATE course pages.

Kaltura – Advanced Session

This advanced session builds on foundational Kaltura knowledge and focuses on enhancing interactivity and collaboration through Kaltura's advanced features. Participants will learn to trim, edit, and enhance videos within Kaltura; share content securely with collaborators; and design interactive video quizzes that promote active learning. The session will also demonstrate how students can create, upload, and share videos as part of course activities.

Learning Outcomes

By the end of this session, participants will be able to:

1. Perform basic video editing tasks such as trimming, clipping, and replacing media in Kaltura.
2. Share videos with collaborators and manage access permissions.
3. Create and embed interactive video quizzes to support formative assessment.
4. Guide students in creating, uploading, and sharing videos using Kaltura tools.
5. Apply best practices for video engagement and student interactivity in SLATE.

Fall 2025 Session Dates

Open to all faculty	
2026-01-12 Monday Intro 11:00-12:00 Kaltura Intro Meeting-Join Microsoft Teams	Kaltura – Introductory Session This introductory session is designed for faculty who are new to Kaltura and wish to integrate video effectively into their teaching.
